The month of August this year, Gary Cracknell, Veronica Sullivan, George Taylor and Gemma Zinyama from the Standard Bank branches of Isle of Man, South Africa, Jersey and London visited Mifumi Primary School to conduct a needs assessment.

Last week, a consignment of various donations from the United Kingdom and South Africa were delivered and distributed to the staff and pupils Mifumi Primary School.

The school received the following items;
13 boxes of: clothing, shoes and books from South Africa
73 boxes of clothing, shoes and books and others from the Isle of Man
11 boxes of clothing, shoes, stationery, wall maps and toys from Jersey
21 boxes of Standard Bank bags, clothing, and powder paint from London

An assembly was called and the pupils were informed of the donations that had come through to the school. The Primary Seven class was given first priority to make selections so they could return to their classes to prepare for their Primary leaving Examinations that were 2 days away. MIFUMI Uganda and Mifumi Primary School staff supported helped with the sorting and distribution of items starting with the much younger children.
