MIFUMI PRIMARY SCHOOL

NEWS ARTICLE

FAREWELL TO OUR AMAZING TEACHERS!!!

The month of May is coming to an end and it is indeed sad, that we shall be bidding farewell to our most outstanding and amazing teachers, who have served us diligently for quite a long time.

Although it is sad to see our teachers go, I find great comfort in knowing that we are losing them to fantastic opportunities and positions of influence. We therefore take this opportunity to congratulate our amazing teachers Ms. Moreen Idongiti and Ms. Annet Kasande, who succeeded in a recent interview for Education Assistant positions with Uganda public service.

Annet & Moreen inspecting new books delivered at the school

Annet Kasande

Formerly class teacher P.5-Mifumi primary school

Annet has been one of our long serving private teachers, having joined the school in 2013. She will be leaving us to teach in another school, having successfully passed an interview she did recently with public service commission for the position of education assistant.

Annet has been an extraordinary teacher, liked by both her pupils and workmates because of her ability to interact well with others. Her vast knowledge in English language, set her aside and it's no wonder that she was made to head the English department and school library as well.

Her former class of primary five, where she had been class teacher and class seven, where she was teaching English language will dearly miss her, having been a darling of everyone because of her kindness.

Primary seven class where Annet used to teach English language

Annet also had this to say to a school she greatly loved and will be missing;

“I feel so sad that I will be leaving a school I call ‘home’ because of its friendly environment. I was treated with a lot of respect and kindness by the pupils, teachers and the general community, who showered me with lots of love. I will sincerely miss them all and my heart will always be with them.”

Moreen Idongiti

Formerly primary one class teacher- Mifumi primary school

After 9 years of serving at our school and caring for our students like they were her own, Ms. Moreen will be leaving Mifumi primary school for a public school, having worked with us as a private teacher.

Moreen has made such a positive impact in our school in so many ways, having served there diligently for many years. She has been very instrumental in nurturing and grooming infants who had joined Mifumi Primary School. Her love for children, set her aside as a truly invaluable asset that every school would wish to have.

Moreen's ability to participate in many programmes, saw her take many responsibilities at the school. Besides teaching, she was given the task of overseeing the school boarding facility and assisting the sports master.

Moreen's farewell message to the school;

“My heart feels heavy with sadness, knowing that time is nearing for me to leave Mifumi primary school, the first school where I have worked ever since I completed school. Everybody has been so kind to me and the team have been so great and understanding and I feel so bad leaving, though I know I am going to a greater place. My heart will always be with the little ones whom I loved teaching and grooming so that they grow up as responsible citizens. To the teachers, I will greatly miss your love and fun.”
